CASE STUDY: Volusia County Library, Daytona Beach, Florida

Grand Opening Ceremony

Volusia County Officials gathered for the grand opening ribbon cutting ceremony for the new county library facility located in Daytona Beach, Florida. MicroGuard AD708 Hard Tile Clear Gloss Treatment was selected to protect the ceramic tile and grout floors; primarily for its stunning appearance, excellent foot traffic abrasion resistance and its demonstrable ease of cleaning maintenance.

The MicroGuard product installation secured LEED Points, based on measurable energy and water savings during routine cleaning maintenance.
